

## Department of Energy

Washington, DC 20585

May 5, 2015

TO: INGRID KOLB  
DIRECTOR  
OFFICE OF MANAGEMENT

FROM: MATTHEW B. MOURY *MB Moury*  
ASSOCIATE UNDER SECRETARY FOR ENVIRONMENT,  
HEALTH, SAFETY AND SECURITY

SUBJECT: DIRECTIVES CERTIFICATION STATEMENT

Department of Energy Order 471.6, *Information Security*, dated 06-20-11, has been reviewed by my organization and deemed to be in compliance with related Departmental Directives, Secretarial Delegations, organizational structure, budget guidelines, regulations, standards, Office of Management and Budget guidance, relevant memoranda of understanding and public laws.

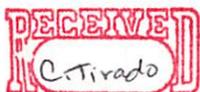

In addition, this directive is not found to cause undue burden on Departmental elements and contractors (e.g., through significant cost impacts, being overly prescriptive, redundancy, or excessive reporting requirements).

This Order establishes requirements and responsibilities for Departmental Elements, including the National Nuclear Security Administration, to protect and control classified information as required by statutes, regulation, Executive Orders, government-wide policy directives and guidelines, and Departmental policy and directives. Such requirements and responsibilities include providing direction to Departmental programs and contractors to ensure that all applicable laws, regulations, policies, directives and other requirements are followed or achieved, and that classified information is properly protected and controlled.

A request for Administrative Change has been submitted to the Director, Office of Information Resources to reflect the new organization name, as well as references to established policy and rules. With the requested Administrative Change, I certify that this directive is accurate and continues to be relevant and appropriate for use by the Department.

Please contact Carl Piechowski, of my staff, at (301) 903-4053 for additional information.
