TO PAUL BOSCO
AS HEAD OF CONTRACTING ACTIVITY (HCA)
FOR THE OFFICE OF ENVIRONMENTAL MANAGEMENT

1. DELEGATION/DESIGNATION. Department of Energy (DOE) Delegation of Authority Order 00-002.17A sets forth various authorities delegated to the Director, Office of Acquisition Management (herein referred to as the "Director"), and provides that these authorities may be further delegated in whole or in part as may be deemed appropriate. Accordingly, you are hereby designated as the Head of the Contracting Activity (HCA) for the Office of Environmental Management, in accordance with Federal Acquisition Regulation (FAR) 1.601. Except as expressly stated herein, you may not further delegate your HCA authority.

The delegated authorities set forth herein are conditioned upon your full conformance with applicable laws, the FAR, the DOE Acquisition Regulation (DEAR), DOE Directives and policies and procedures, including Acquisition Letters and the DOE Acquisition Guide, notably Chapter 71, which prescribes actions requiring Headquarters review and the process for their selection. In determining whether an action is within a delegated monetary authority, the determination must be based on the total value, including options, in-kind contributions and contractors/recipients cost share. Moreover, where actions involve a combination of additional work and deductive work, the total value shall be based on the absolute value of the work contemplated. The delegated authorities are set forth below:

1.1 ACQUISITION

- (A) (i) Enter into, approve, administer, modify, close-out, terminate, and take such other actions as may be necessary and appropriate with respect to procurement transactions including competitive acquisitions, non-competitive acquisitions, contract modifications, interagency agreements, and consent to subcontracts that bind DOE to the obligation and expenditure of public funds. The acquisition authorities described in this paragraph may be delegated only to a Contracting Officer (CO) (in accordance with section 1.5, Contracting Officers) without the power of further delegation.
- (ii) Actions exceeding the delegated monetary authority specified below or that meet the requirements prescribed in Acquisition Guide Chapter 71 shall have the prior approval, or waiver thereof, of the Director, or designee.

Authority to approve actions below \$25 million that are not subject to business clearance is re-delegable to all Procurement Directors with the exception of the Office of River Protection (ORP) at the discretion of the HCA. The HCA may re-delegate the ORP authority up to \$50 million solely for contract actions pertaining to the Waste Treatment Facility. All other ORP actions remain subject to the \$25 million threshold.

- (D) Waive the requirement for submission of cost or pricing data, in accordance with, FAR 15.403-1(c)(4) without power of further delegation. Prior to approving such a waiver, the HCA shall obtain written concurrence from the Director for all procurement actions over \$5 million in value.
- (E) Exercise all other authorities specifically granted to the HCA by the FAR and DEAR. In some cases, FAR specified authorities are modified by the DEAR. These HCA authorities may be further delegated unless expressly prohibited by either the FAR or DEAR.

1.2 ASSISTANCE

Authorization by the designated official responsible for such work, and your full compliance with all applicable laws, executive orders, regulations, and directives governing policies and procedures is also required. These authorities may be delegated with power of further delegation to a CO (in accordance with section 1.5, Contracting Officers) or to another official who shall be no more than two levels below the HCA, without the power of further delegation.

1.7 INDEMNIFICATION

Approve Management and Operating (M&O) contractor's requests for approval of subcontractor and third party indemnity provisions pursuant to the DEAR clause 970.5244-1(l). This authority is limited to recurring or routine requests that present a very low risk of significant liability to the prime M&O contractor or that merely restate a negligence standard under which the contractor already operates and may include such activities as: participation in trade shows, access agreements, vehicle use agreements, leases of equipment (not real property), publishing (e.g.,

clearinghouses for publishers of research and analytical papers as well as copyright transfer agreements for publications or scientific and technical journals), software indemnifications (e.g., use of particular computer software or services), and other agreements of a routine nature with a very low risk of significant liability to the M&O contractor and the Department. Field Chief Counsel advice must be obtained prior to any approval. Indemnification for real property transactions subject to the limitations herein is authorized to the extent that such indemnification does not conflict with real property authorities, policies, and procedures.

The authority is further limited to contractor requests that meet all of the six following criteria: (1) the action or event necessitating the indemnity must present a very low risk of significant liability to the prime contractor; (2) participation in the event, requiring indemnification of a subcontract or third party, is required to promote the DOE's mission; (3) the prime M&O contractor must exhaust all reasonable possibilities to avoid providing any indemnity, including, but not limited to, the use of insurance if economically reasonable in comparison to the risk; (4) the indemnity shall not indemnify the subcontractor or third party for any liability resulting from the subcontractor's or third party's own acts or omissions; (5) the indemnity provided must stipulate that the Government's liability to the prime M&O contractor under any indemnification of the subcontractor or third party is at all times subject to the availability of funds under the prime M&O contract. Nothing under the indemnification approval or the prime M&O contract shall be construed as implying that the Congress will, at a later date, appropriate funds sufficient to meet deficiencies under the prime M&O contract; and (6) the indemnity must make prudent business sense.

This authority may be further delegated only to the Manager, Savannah River Operations Office.
