1.7 Adopt measures to ensure that, in making awards, program managers adhere to the purposes of subsection 5012(c)(2)(C), which requires ARPA-E to fund projects that accelerate transformational advances in areas that industry by itself is not likely to undertake due to technical and financial uncertainty.

1.8 Provide as part of the annual report required by subsection 5012(h)(1) a summary of the instances of and reasons for ARPA-E funding projects in technology areas already being undertaken by industry.

1.9 In carrying out section 5012, provide awards in the form of grants, contracts, cooperative agreements, cash prizes, and other transactions.

1.15 To the extent appropriate, coordinate technology transfer efforts with the DOE Technology Transfer Coordinator.

1.16 Seek opportunities to partner with purchasing and procurement programs of Federal agencies to demonstrate energy technologies resulting from activities funded through ARPA-E.
