CANCELLED

Attached is a listing of one canceled directive, effective immediately. This is a continuing effort in the ongoing initiative to reduce the burden and volume of internal regulations.

The Department of Energy (DOE) is in the process of streamlining the directives system. The Office of General Counsel reviewed the subject Order indicated that it was no longer necessary because it provides guidance that should not have been incorporated in a Departmental directive and it is obsolete in that it does not reflect subsequent related Executive orders and the enactment of the Unfunded Mandates Act of 1995. Adequate internal and external structures are in place to ensure adequate compliance. Therefore, this Order is deemed unnecessary and redundant and is hereby canceled.

If you need additional information concerning the cancellation of the listed directive contact Romulo Diaz, Jr., Office of General Counsel, 202-586-2902. Please call 202-586-6799 with questions and comments concerning the Departmental Directives System.
