

SUBJECT: LIMITED CHANGE TO DOE O 413.3B, *PROGRAM AND PROJECT MANAGEMENT FOR THE ACQUISITION OF CAPITAL ASSETS*

1. EXPLANATION OF CHANGES. On July 13, 2020, the Under Secretary of Energy approved the Cleanup Project Management Protocol and Implementation Standard for Demolition Projects (“EM Protocol”) and directed that the contents should be incorporated as an appendix to the subject Order. This limited update of the Order implements that direction.

2. LOCATIONS OF CHANGES:

Page	Paragraph	Changed	To
4	4.a.(1)	“Detailed requirements on capital asset projects are provided in this Order.”	“Detailed requirements on capital asset projects are provided in this Order. All projects, with the exception of demolition projects performed by the Office of Environmental Management (EM), follow Appendices A, B and C. For demolition projects performed by EM, Appendix D replaces Appendix A and modifies applicable elements in Appendices B and C.”
A-17	5.a.		Added to the end of the paragraph. “...For demolition projects performed by EM, Appendix D replaces Appendix A and modifies applicable elements in Appendices B and C.”
C-31	27.c.	“Environmental Management (EM)...”	“EM...”
C-31	27.c.		Added to the end of the paragraph. “...For demolition projects performed by the EM, Appendix D replaces Appendix A and modifies applicable elements in Appendices B and C.”

Page	Paragraph	Changed	To
D-1 to D-20	N/A		Added Appendix D
Attch 1 Page 5	14		Added to the end of the paragraph. "...Documented Safety Analyses will be updated to document the changed conditions, as appropriate, in conjunction with the EM demolition process."
